Lens 3 worksheet: lifecycle risk matrix

Stochastic Parrots and Beyond · Lens 3 worksheet

Question: Who does the work, carries the risk, or has no recourse?

Task (15 minutes, groups of three or four): Choose a system from a research-use description in your group. Use ChatGPT as in the case only if no description fits. For each stage, write who does the work, who carries the risk, and who has recourse. Mark the stage of highest risk and the stage where you have most influence. See the Lens 3 page.

System: _____

Question	Design	Data	Training	Deployment	Evaluation	Governance
Who does the work?						
Who carries the risk?						
Who has recourse?						
Possible intervention						

Finding	Notes
The stage of highest risk	
The stage where you have most influence	
One intervention at that stage	

Transfer to the shared fields

Carry your main finding over to the twelve shared fields. You use them again in the research-use clinic.

Field	Notes
Research use	
System or vendor	
Evidence source	
Lifecycle stage	
People affected	
Risk or benefit	
Severity and uncertainty	
Existing mitigation	
Possible alternative	
Disclosure requirement	
Institutional owner	
Next action
